Dear Mr Bandurko,

We refer to your letter of 22 February 2011. FIFA and UEFA are pleased to take note of the current positive trend. The situation seems to be developing towards the unity of the football family in your country.

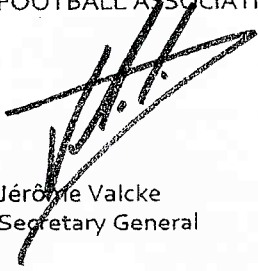

However, we have also taken note that 20 members have still not fully complied with the requirements laid out in the FIFA letter of 24 January 2011. In particular we had asked you to provide us "confirmation from the authorized governing bodies of the FFU members that [the members] will abide by this request [to stop any activity aimed at organizing elections before the end of the FFU's leadership term in 2012]".

In this respect, FIFA and UEFA give you 30 days in order to complete the collection of the duly completed documents. This would allow us to close this case.

Thank you in advance for your kind cooperation.

Yours faithfully,
